

PRODUCT INFORMATION DATA SHEET

LIBWAX - KD

DESCRIPTION : Synthetic wax

SPECIFICIATIONS :

Appearance	White Powder
Melting Point	100°C ± 5°C
Density gms / CC	0.95 ± 0.01

PROPERTIES

- : ✍ Superior Dispersing power.
- : ✍ High pigment loading.
- : ✍ Excellent Thermal Stability.
- : ✍ Improved polymer flow properties.

APPLICATIONS

- : PE or PP Pigment master batches to achieve optimum pigment dispersion in final product.

Suggested guideline formulations for master batches :

Batch Kneader

50%	LDPE / LLDPE (High MFI : 20)
45%	Ultramarine Blue
5%	Libwax - KD

Pigment Preparation (with no polymer)

20%	Diary Yellow
80%	Libwax - KD
