

## PRODUCT INFORMATION DATA SHEET

# LIBNOL G-211

|                       |   |  |
|-----------------------|---|--|
| <b>DESCRIPTION</b>    | : | Oleochemical Derivative  |
| <b>SPECIFICATIONS</b> | : | Appearance : Flakes<br>Iodine Value : Below 5<br>Melting Point : 72 - 74°C                           |
| <b>PROPERTIES</b>     | : | ☉ External Lubricant<br>☉ Very Good Compatibility<br>☉ Improved Non-stickiness                       |
| <b>APPLICATIONS</b>   | : | ☉ Processing Rigid PVC<br>☉ Processing Plasticized PVC   |
| <b>DOSAGE</b>         | : | 0.1 - 0.5 phr for Rigid PVC<br>0.1 - 0.5 phr for Soft PVC  |
| <b>STABILIZATION</b>  | : | Good lubricating & Anti-Plate out properties particularly in Barium-cadmium stabilized formulations. |
